**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows: nonelected claim 13 (without traverse) has been canceled.

### REASONS FOR ALLOWANCE

2. Claims 1-12 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record does not anticipate nor render obvious to one ordinary skilled in the art a liquid crystal display device comprising a combination of various elements as claimed, more specifically, a black matrix mounted on either of the opposing panels for defining an array of pixels each having a pixel area in the LCD device, an interconnect layer mounted on one of the opposing panels and patterned to a plurality of interconnect lines formed on a common insulator, wherein one of the interconnect lines extending in the pixel area is lower in a product of a thickness thereof by a surface reflectance thereof than another of the interconnect lines extending outside the pixel area.

Matsumoto ('699) discloses an IPS LCD device comprising a plurality of data lines, a plurality gate lines, a pixel electrode, an insulator, a common electrode interconnect line comprising ITO. However, Matsumoto fails to disclose 'a black matrix mounted on either of the opposing panels for defining an array of pixels each having a pixel area in the LCD device, *an interconnect layer mounted on one of the opposing panels and patterned to a plurality of interconnect lines formed on a common insulator, wherein one of the interconnect lines extending in the pixel area is lower in a product of a thickness thereof by a surface reflectance thereof than another of the interconnect lines extending outside the pixel area*'.

Art Unit: 2871

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
